## SKILLS

---

Languages and Frameworks : JavaScript,HTML,CSS,Typescript,ReactJs,TailWindCSS,ExpressJs  
DataBase and Library: MongoDB,ReduxToolkit, React Testing Library  
Other Tools: GitHub, NodeJs, Postman

## SUMMARY

---

I am a meticulous MERN Developer skilled in JavaScript and TypeScript, with experience in manual testing and developing comprehensive projects. I am eager to learn new technologies and adapt to various situations. I hold a B.Tech in Mechanical Engineering.

## WORK EXPERIENCE

---

### Ingenebral India Pvt. Limited (MERN Developer)

Jan 2024 - May 2024

During my internship as a MERN Developer, I developed full-stack web applications utilizing MongoDB, Express, React, and Node.js. I crafted responsive user interfaces, built RESTful APIs, and managed data with MongoDB. Additionally, I collaborated on debugging efforts, optimized performance, participated in code reviews, and adhered to best coding practices, thereby enhancing my MERN stack skills.

### Ingenebral India Pvt. Limited (FrontEnd Developer)

July 2023 - Dec 2023

– As a Front-End Developer Intern, I built responsive UIs with JavaScript, HTML, CSS, and Tailwind CSS, managed state with Redux Toolkit, used React Testing Library, collaborated on debugging, optimized performance, and participated in code reviews.

## PROJECTS

---

### Chat-App (Full Stack)

I created a chat application using the MERN stack, utilizing React for the front-end, Node.js and Express for the back-end, and MongoDB for data storage. The app features real-time messaging, user authentication, and state management implemented with Redux Toolkit.

### Food-Ordering Website (Responsive FrontEnd)

Integrated Swiggy API to ensure smooth data flow. Optimized workflow with Parcel bundler configuration. Conducted comprehensive testing using React Testing Library. Coordinated HTML, TailwindCSS, React, JavaScript, and Babel for cohesive functionality. Employed GitHub for version control and collaborative development.

### Portfolio(FrontEnd Project)

I developed a portfolio using HTML, CSS, and JavaScript, emphasizing visually striking CSS design elements for a strong appeal. The project showcased my skills and creativity, enhancing user experience and providing a visually engaging platform to display my work.

## EDUCATION

---

2020 - 2024 Bachelor's of Technology at **Jss Academy Of Technical Education, Noida**  
2018-2019 Class 12th CBSE Board at Patanjali Rishikul  
2016-2017 Class 10th CBSE Board at Patanjali Rishikul
